TECHNOLOGY

Leveraging the latest technology to optimize operations and give customers real-time shipment visibility.

TRANSIT REPORTS

Daily Email Report that can be set up for anyone in your company to view active open shipments with live links to status updates.

FREIGHT SNAP

Carlile photographs about 90% of the LTL freight that is crossdocked in Tacoma and Anchorage. Each pallet is dimed by lasers, weighed, and photographed.

EPOD

Electronic PODs are emailed within 5 minutes of freight being delivered to whomever needs the POD.

EDI

Carlile's IT department can set up EDIs for customers: 204; 211; 214; 856; 990; etc.

PROJECT 44

Carlile can work on setting up APIs for customers within Project 44

CUSTOMER ONLINE PORTAL

Allows customers to view BOLs, PODs, Invoices; Freight Photos, and other documents online.

ONLINE INVOICES

Online invoices are secure through the Customer Portal. You can pay your invoices online.
